The above list of records are to be considered a representative example of records maintained by the Village and are not meant to be all inclusive or limited to what are noted.

The Village of Brimfield affirms to follow the compliance requirements of the Act. However, the Act is not intended to require that the Village interpret or advise requestors as to the meaning or significance of any public record. The Act does not unreasonably require the Village to create a record that does not exist.

The Village of Brimfield municipal code is available for public review. The code contains all ordinances which have been codified.
